

The copy filmed here has been reproduced thanks to the generosity of:

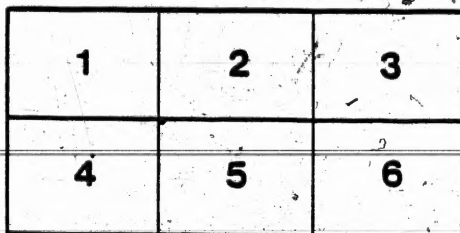

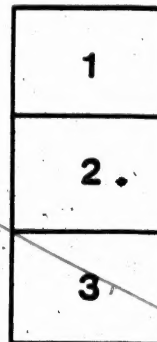

The Nova Scotia
Legislative Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover, when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\rightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

The Nova Scotia
Legislative Library

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\rightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

**THE SHIPPING
MANUFACTURERS' LIST
A GUIDE**

TO THE

MANUFACTURERS OF CANADA

AND THEIR PRODUCTS

M. J. HENRY

MONTREAL AND TORONTO

1893-4

338.058

PREFACE.

IN offering the first edition of the SHIPPING MANUFACTURERS' LIST for the practical use of business men, the publisher desires to call attention to the necessity of always consulting the List of Articles, or Part I. of the book, for it is the key which unlocks the work. The Index being alphabetically arranged, any article desired can be easily found, and the number opposite such article refers to a corresponding number in Part II., under which will be found one or more manufacturers of the desired article. The object of this work is to give to buyers a detailed list of articles manufactured in the Dominion of Canada, and the address of manufacturers of such articles, who produce for more than local consumption, thus giving to the enquirer, not only a list of articles but also the names of manufacturers having a capacity for filling orders from any part of the world. The work has been necessarily laborious and the technical details were obtained, in some instances, at great sacrifice of time and labor, and the publisher takes this occasion to thank all those manufacturers who have willingly given information or more substantial aid to the success of the work, which is destined to become the standard representative of Canada's manufacturers, both at home and abroad.

M. J. HENRY,

Publisher,

MONTREAL AND TORONTO.

HAMILTON BRASS - MANUFACTURING CO.

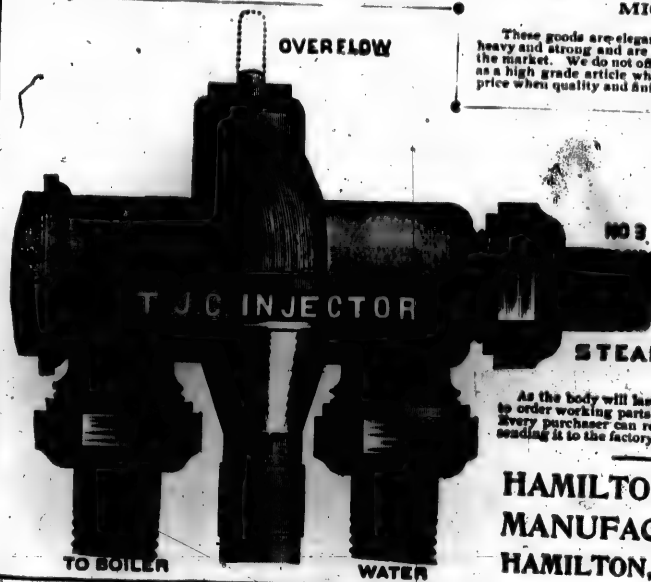

EAGLE.

MICHIGAN.

OVERFLOW

These goods are elegant in style and finish; are made heavy and strong and are guaranteed to be equal to any in the market. We do not offer them as a cheap lubricator but as a high grade article which we offer at a very moderate price when quality and finish are considered.

Our Proposition:

As every Injector is tested before it leaves the factory, we know that if properly connected (as in diagram in our catalogue) and instructions are carried out they cannot fail to work. We therefore offer to pay the expenses of any man to come to the factory, and \$5.00 per day, while there, if the Injector does not work, provided it has not been misused.

As the body will last for years, it is only necessary to order working parts to make Injector good as new. Every purchaser can repair his own Injector without sending it to the factory.

W. B. MALCOLM,

89 and 91 CHURCH ST.,

PATENTEE AND MANUFACTURER OF THE

Patent adjustable Basin Stand, Patent Tanks, Washouts, Water Closets and other Sanitary appliances, Brass Goods, Plumbers' Steam-Fitters' and Gas-Fitters' Supplies.

TORONTO.

MALCOLM'S IMPROVED SANITARY BASIN.

Bewer Gas is the product of filth, and all drain pipes will give off an unhealthy and disagreeable odor. To prevent accident, plug basins have an overflow drain from the top of the basin that is open and foul. This great sanitary defect is entirely removed by a trap in my Improved Sanitary Basin that overflows from the bottom of the basin; as shown by the above cut. It is the only thoroughly Sanitary Wash Basin in the market.

Comparison of costs between the old style and my Improved Sanitary Basins, viz:—

14 inch Basin	\$1.30
Lead Trap	1.60
Basin Plug	.75
Lead Pipe	.15
Solder	.80
Plumber's time	1.50
	\$6.27
Malcolm's Improved Sanitary Basin	4.75
Difference in favor of " " " "	\$1.52

This shows greatly in favor of Malcolm's Improved Sanitary Wash Basin both from a sanitary and healthful standpoint as well as in the matter of dollars and cents.

W. B. MALCOLM,

89 & 91 Church St., TORONTO.

The **BARBER & ELLIS CO., Ltd.**

MANUFACTURERS OF

Envelopes, Fancy Boxes,

Note Papers, Jewel Cases,

Etc., Etc.

- **T**HIS Company was the first in the Dominion of Canada to manufacture Envelopes, in the city of Toronto, now the centre of the Envelope industry. From a small beginning the BARBER & ELLIS Co. has grown to be the largest producers of Envelopes in Canada, having a capacity, to-day, of over three-quarters of a million daily.

In Fancy Boxes they are making a line of goods that has heretofore been imported. Competent judges say they are equal and much cheaper than the foreign article.

Send for Samples and prices which shall always be promptly attended to.

Yours truly,

THE BARBER & ELLIS CO.

THE GLIPPER GRAIN GRINDER,

THE DAISY BARREL CHURN and . . . WAGON SKEINS,

OUR CELEBRATED PATENT SPADE HARROW,

—THE BEST HARROW EVER INVENTED.

It is especially adapted and is superior to others for preparing Fall Plowing for seeding; for pulverizing hard clay lumps; for cutting up and pulverizing plowed sod; for cultivating corn, pea or other stubble; either for preparing for seed or for sprouting foul seeds, and for any hard or difficult soil to cultivate, where other Harrows have failed, the SPADE will do excellent work. It has 52 spades, 7 inches wide, set 2 inches apart, and cuts all the ground and distributes it evenly, leaving the land level.

VESSOT'S GRAIN GRINDER.

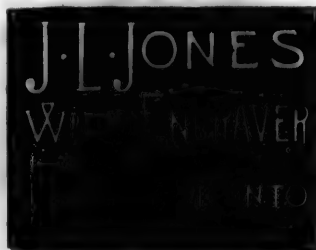

Awarded first prize Prov. Exp.
Montreal, 1882; Hamilton, 1883;
Diplomas at Sherbrooke, 1885, 1891
and 1892; at Ottawa, 1897.

We would call the attention of
farmers and millers, generally, to
our improved Grain Grinders.
Our Little Champion Grinder is
specially adapted to be run by
horse power, and is sold at a very
low figure. Our large sized Grind-
ers, for the use of millers, etc.,
turn out from 20 to 50 bushels per
hour, requiring only about half the
power it takes to run the ordinary
stone burrs. About 600 of our
Grinders are now in use in Canada.

Our specialists, viz. Vessot's
Grain Grinders, and Vessot's
and Rollers, Saw Mill Machinery, etc., etc. Ask for circular.
Agents wanted. Address:

"DAISY" HOT WATER HEATER.

It has the best Mechanical Construction

of any heater in the market. Every joint is faced by machinery, and fitted together so that it cannot leak, this is a valuable feature of the "Daisy."

It is no Experiment.

There are many thousands in use all giving perfect satisfaction, it is in use in all the large public and private institutions throughout the Dominion. It succeeds where others fail. Its circulation is positive, works well in every position. Heats on its own level.

Send for descriptive pamphlet or other information.

**Shingle Saws,
Crosscut Saws,**

etc., etc., etc.

Gananoque

**Dry Earth
Closet**

MANUFACTURED BY THE

GANANOQUE GEAR CO.

GANANOQUE, ONT.

THE DRY EARTH CLOSET has been in use and duly appreciated for years, but as hitherto presented was too large and somewhat cumbersome for an ordinary bedroom, and though a good thing, there a room can be set apart for its use, (since the expense, from \$15 to \$30, is not objectionable) still a want has been felt for a small, cheap, compact, tasty arrangement for a bedroom that would not occupy too much room or show an unsightly appearance to mar the general furnishing or appearance of the room. And the object of the introduction of this article, which can be moved from one room to another in case of sickness, is to fill this want.

PRICE \$5.00.

WM. RAMSAY,
ORILLIA, ONTARIO.

SOLE MANUFACTURER IN CANADA OF THE

Mineola Road Carts.

The Public require no better guarantee than the fact that five manufacturers in Canada alone, during the past year, have copied our designs, stole our ideas and placed on the market a cart similar in appearance to ours, sold it as the same as ours, almost the same as ours, and used our name to sell their bogus, spurious and worthless imitations.

The **MINEOLA** is the only cart made without "Horse Motion." It rides easier than any four wheel vehicle. The body swings in a cradle entirely independent of shafts and axle and from its peculiar build, which is covered with patents, an entire change has been made in the construction of Road Carts.

A MODERN DISCOVERY OF THE GREATEST IMPORTANCE.

**HOT WATER HEATING
BROUGHT TO PERFECTION**

BY THE USE OF
**THE WORLD
RENOWNED**

**Star
Boiler**

Patented in Canada and the
United States.

The **STAR BOILER** is the only reliable one in every case and gives the highest satisfaction when all others have failed. Unequalled in finish, heating capacity and economy in fuel. The largest and finest buildings on the continent are being heated by the **Star Boiler**. The **STAR BOILER** has a siphon interior, by the aid of which the circulation in the coils is the best and is increased by the speed of the circulation in the coils of the upper stories. This important invention, which we have patented, works admirably and gives great satisfaction.

The...

Canadian

Trade

may be secured by advertising
in the **ONLY TRADE JOURNALS**
published in Canada, reaching
direct the first-class wholesale
and retail trade, viz:

The Canadian Grocer,

The Dry Goods Review,

The Hardware Merchant,

.. Books and Notions,

The Printer and Publisher.

Our Advertisers are our References.

Would they continue advertising,
year after year, if it did not pay
them? These journals are well edited and printed, and no publishers in America have a
finer selection of type, or use a better paper and ink. These facts are of the greatest
importance to the live advertiser.

By a thorough system of canvassing, we have now nearly all the leading wholesale
and retail trade, throughout the Dominion, on our subscription list.

Good Results

in advertising tell the story for shrewd advertisers. better than big circulation claims or great promises.

A Good Newspaper

A Good Article

A Good Advertisement

This combination is sure to win; but the good newspaper must be more than tolerably good. It must be practical, clear, fresh, vigorous and reliable.

"LA MINERVE"

is not only all this but even more. It is the best and cheapest advertising medium in the Dominion. The acknowledged exponent and representative of the commercial and industrial interests of Montreal, and the only French morning daily in Canada.

Established 1826.

Subscription: { Daily, \$6.00 a year.
Weekly, 1.00 "

Office: 1610 Notre Dame Street,
Montreal, Canada.

THE MONTREAL TRADE BULLETIN

One of the best Advertising Mediums in Canada;
and for Commercial, General Produce, and Shipping
Reports, is unequalled.

Subscription: \$2.00 per year, in advance.
